**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am very concerned about the small number of options I have to connect to the Internet. It is too expensive and the speed and types of connections I can get - even in a sophisticated metropolis like San Francisco are very limited. Already there is too little competition in the marketplace, and I cannot imagine it getting even worse.

We need competition for broadband in America - this is super important to me as a consumer, as a worker who uses my home connection for my work as well.
